Since 1990, she has performed professionally with a cappella groups (as both soprano & alto) as well as several notable bands. **Garrison Bailey** was born and raised in San Diego. She left San Diego in 1998 to follow her dream of becoming a musician. She ended up in all places...Sedona, AZ. A beautiful place to visit and actually a wonderful place to live. It was there that Garrison honed her skills as a drummer and a singer/songwriter.

In 2003 Garrison was asked to go on tour with Balligomingo and BMG music on a 13 city tour. Also in 2003 she was accepted into an Indie Record label in Sedona called New American Music. She worked on her original music and just focused on her singing. Her CD is set to be released in 2009. While working a day job in Sedona and being in a record label, she played drums on the weekend for a local motown/funk/rock band for 4 years. She decided it was time to try her skills as her own boss so she started her own rock group called The Groove Kitties. It was a very successful group. She has travelled to Nashville to meet with record producers and is currently with the Indie Record Label in San Deigo, Gordon Records.
